## NOTICE.

PUBLIC attention is drawn to the fact  
that at the present time many brands  
of Condensed Milk are being offered for  
sale bearing labels so nearly resembling  
that of the original "EAGLE" Brand Milk  
manufactured solely by BORDEN'S CON-  
DENSED MILK CO. of New York, as  
are calculated to deceive the purchasers  
of the real article. As an additional pro-  
tection all purchasers of Borden's "Eagle"  
Brand are requested to note that every Tin  
of same bears the Signature of Gail Borden  
the original manufacturer on the label.  
Borden's "Eagle" Brand Milk has the  
enviable reputation of being the milk per-  
fected and without a rival in point of  
view of quality and purity.

Owing to Borden's special and exclusive  
process of manufacture both their "Eagle"  
and "Gala Seal" Brands are specially  
recommended for use in tropical climates  
they being guaranteed to keep better  
than any other Condensed Milk offered  
to the public.

## WELSBACH

Welsbach Light is the combination of the wonderful Wels-  
bach Kern Gas Burner with Mantles of British manufacture.  
Only in this way do you obtain the light that is the lightest,  
softest and cheapest. There is no other burner, except the  
Welsbach Kern No. 3, which will give you a 75 candle power  
light with a gas consumption of only 3 ft. per hour.

Every genuine British-made Welsbach burner and mantle  
bears the Registered Trade Mark "AUR."

Welsbach Light has been adapted to every conceivable  
purpose from tiny cable lights to the Storm proof Self-Intensify-  
ing Lamps of 600 candle Power. It is self-contained, no special  
mains or clumsy apparatus required.

All who desire more light at less cost should therefore write for particulars  
and Catalogue of Welsbach Light to the Sole Agents in China of the Welsbach  
Incandescent Gas Light Co., Ltd., London.

## A U.S. ROMANCE.

BALTIMORE, (U. S. A.) May 2.  
After having personally pleaded with  
President Roosevelt that the young naval  
officer she loves be ordered home from  
China, so that she may wed him, Miss  
Nellie Montgomery Matthews, daughter of  
Mr and Mrs Nicholas Martin Matthews, is  
going fifteen thousand miles to Hongkong  
China, to marry Ensign Reed Marquette  
Fawell, of the gunboat Samar, now stationed  
at Hongkong.

Ensign Fawell was a member of the class  
of 1905 of the Naval Academy in Annapolis,  
and it was at the academy hops that he met  
the bride-elect. He was ordered to the  
Philippines four years ago and, as he ex-  
pected to return in a couple of years, the  
engagement was announced and the wed-  
ding was to have taken place on Easter, two  
years ago, but Mr Fawell was ordered to  
Japan and, later, to China. He had ex-  
pected to return to this country this month  
and the wedding was to have taken place  
soon after his arrival.

Finding Ensign Fawell would have to  
remain in China three more years, Miss  
Matthews went to Washington and tried  
in vain to induce President Roosevelt to  
order him home.

Accompanied by her mother, Miss Mat-  
thews will leave for Vancouver, whence  
she will steam by the Empress of India for  
Tokyo and thence will go to Hongkong,  
where the wedding will take place on  
June 1.

## THE YUNNAN TROUBLE.

Peace Restored.

According to a telegram received by the  
Shanghai Taitai from H. E. Viceroy Tuan  
Fang, quoting from a dispatch from the  
Yunnan Viceroy H. E. Hsi Liang, Hoku  
(the headquarters of the anti-monarchist  
insurgents) was recaptured by the Im-  
perial troops on May 26, says a Shang-  
hai contemporary. Hoku was first sur-  
rounded by the troops on the 19th in-  
stant and then attacked on all sides,  
the insurgents making a desperate resist-  
ance throughout the whole of the opera-  
tions and siege. When it was at last  
found that further resistance was useless  
the insurgents broke through the besieging  
lines leaving, however, the greater part of  
their comrades dead or wounded on the  
field. There is now no more organized  
opposition and peace may now be said to  
be practically restored in Yunnan. As a  
matter of fact traffic on the Mangtze Rail-  
way, which has been interrupted ever since  
the disturbance began nearly a month ago,  
has been resumed.

## MURDER AT BANGKOK.

A shocking murder took place at Bang-  
kok on the 19th instant, when a young  
European named W. J. Kaiser, a Swiss,  
employed at the Deutsch-Siamische  
Handels Gesellschaft, was mortally stab-  
bed, dying within a few minutes after  
receiving his injuries. The murder was  
the work of two Siamese thieves. They  
had been disturbed in their operations in a  
neighbouring house and Mr Kaiser and his  
companion gave chase of the men. While  
in a narrow lane, Mr Kaiser was attacked,  
and it is evident that he met his death  
during a struggle. Two arrests have been  
made.

Up-Country  
Expeditions

and shooting parties should  
never go without a few jars  
of LEMCO. They take up  
very little room, and most  
sportsmen would no more  
think of leaving them behind  
than setting out without  
ammunition. Not only is  
LEMCO exceedingly useful  
for soups, entrees, and  
gravies, but it is a fine  
medical comfort, and a  
splendid fever preventive  
and restorative. Absolutely  
pure and safe, and will keep  
for any time.

HONGKONG, MONDAY, JUNE 8, 1908.

ANGLO-RUSSIAN AMITY.

Or late there have been indications that  
the friendship between Great Britain  
and Russia might be made stronger.  
It was not for India, Russia would  
be a negligible quantity as far as Great  
Britain is concerned. But the fact that  
our Indian Empire—framed a Russian  
point of view—is the predestined goal  
for Russian advances in the South, has  
made us fearful and our policy in the  
Far East has largely been determined  
by this fear. The Anglo-Japanese  
Alliance would certainly never have  
come about were it not for the doubt in  
regard to the future of India. There  
seems to be a possibility that the  
visit of our King to Russia—although  
no direct political interpretation can be  
given of the visit—will lead to improved  
relations between the respective Govern-  
ments. It is sincerely to be hoped  
that this will be the case. If Russia  
and Great Britain were relieved of the  
haunting terror which is focussed into  
the word "Afghanistan" they could the  
more promptly prosecute the search for  
fresh commercial fields and enterprises.  
Possibly as a result of the visit of the  
King there will be no written pledge of  
amity between the countries. But it is  
absolutely certain that this wise compli-  
ment to the ruler of Russia will in time  
bring its own reward. Friendship with  
Russia would almost complete thepeace association which the King has  
been at such labour to form. Germany  
is the only great Power besides  
Russia which stands outside the  
charmed circle and every effort is now  
being made to improve relations  
between Great Britain and Germany.  
In the event of a friendly understanding  
being arrived at by Great Britain  
and Russia Germany would probably  
desire and would be accorded the  
right to be an assenting party.  
As has been said time after time  
the policy of Great Britain need not  
cause disquietude to our neighbours.  
We are not looking for any more terri-  
tory. Our Empire is as large as any-  
one could wish it to be and we feel sure  
that the average Briton would strongly  
protest against any scheme to enlarge  
it. Russia and Germany must be  
quite ripe for more friendly association  
with Great Britain. If His Majesty the  
King succeeds by this visit in improv-  
ing our relations, not only with Russia  
but with Germany as well, he will  
deserve the loyal gratitude of every man  
who has the felicity to owe allegiance  
to the British flag.

LOCAL AND GENERAL.

Owing to the inclemency of the weather  
the sports which were to have been held on  
the Civil Service ground at Happy Valley,  
to-day, have been postponed until Saturday  
next.Dr O. Franke who was formerly  
Chancellor of the German Legation at  
Peking, and has seen several years in the  
German Consular service in the Far East,  
has been appointed superintendent and  
reorganizer of the schools for natives in  
Kiaochow.The American Religious Tract Society,  
from their Central depot in Hankow have  
distributed during the year 1907, 1,714,000  
tracts and over 300,000 booklets of a  
religious nature. This issue, although a  
large one, shows a falling off from the  
preceding year.For setting fire to his cell at Parkhurst  
Prison, Horace Rayner, Mr. William  
Whiteley's murderer, has been sentenced  
to fourteen days' solitary confinement.  
Rayner stated that the cause of his action  
was that he had recently received a letter  
from his wife.During his recent voyage from Ber-  
muda Mark Twain had a very narrow  
escape. He was walking on the bridge of  
the steamer when a heavy sea struck the  
vessel and washed him away from his posi-  
tion. He had the presence of mind to  
seize one of the rails, and so saved himself  
from going overboard.Orders have been placed by the Orient  
Company for all the five steamers which  
are to be added to the company's fleet as  
the result of the new mail contract with  
the Australian Government. Provision is  
to be made on a large scale for the carrying  
of Government emigrants or troops, and  
wireless apparatus will be installed on the  
vessels.There were very large congregations  
at St. John's Cathedral yesterday, both  
morning and evening, when full clerical  
services were held, the day being Whit-  
sunday. In the morning Attwood's "Veni  
Greater," was splendidly given by the  
chor, the tenor solo being taken by Mr.  
E. B. Ayris, and the quartette by Mrs.  
Kew, Mrs. Dealy, Mr. Ayris and Mr. Car-  
ruthers.Up to the present, 9000 tons of Salt  
have been exported from Shantung via  
Tsingtau, to Chingkiang, for the Govern-  
ment Depot in the latter port—says a Tien-  
tsin contemporary of May 29. The total  
value of the salt thus shipped is Ts. 300,000.  
During the next four weeks  
another 10,000 tons are to be shipped. At  
the moment, there are five steamers en-  
gaged exclusively on this salt-carrying  
trade.The Mersey Docks and Harbour Board  
has formally adopted a great scheme for  
expanding the docks towards the mouth of  
the river. The total cost of the work will  
amount to £3,500,000. The scheme in-  
cludes river entrances, locks, and dock  
accommodation for liners up to 1,300 ft.  
long and 50 ft. deep. It will take five  
years to complete the work, and the docks  
will be the greatest the world has ever  
seen. The decision has been arrived at  
with a view to retaining the Atlantic  
passenger trade for Liverpool against all  
comers.AN AUSTRALIAN COMMERCIAL  
TRAVELLER'S STORY.IT is the commercial traveller who finds  
the many changes of climate and water  
trying. Mr. Chas. G. Chapman, who repre-  
sents a large Brisbane concern, had been  
travelling for years with chronic diarrhoea.  
On one of his trips a fellow traveller recom-  
mended Chamberlain's Colic, Cholera and  
Diarrhoea Remedy, and this is what he says  
of it: "I procured a bottle and experienced  
great relief after taking a few doses. Before  
the bottle was finished I was cured, and  
have not been troubled since. This remedy  
is for sale by all chemists and storekeepers."

THE BOYCOTT HERO.

1500 Persons Meet in Hongkong.

At 11.50 yesterday the Tsai Hing Hotel,  
in Possession Street, was full of men and  
women of all classes and there was still a  
large crowd standing outside vying with  
each other in order to gain admittance.  
Already 1000 persons, representing the  
commercial class and educationists, had  
entered and it was not thought advisable  
to allow any others to do so. The meeting was  
the occasion of a memorial service similar  
to those held throughout the treaty ports  
to pay respects to the late Tsang Sui Hing,  
Chairman of the Chinese Chamber of  
Commerce, Shanghai, for his services  
rendered to the 400,000,000 people of  
China. Kwok Yik Chi was the Chairman.  
The hotel, which was taken up for that  
day entirely for the memorial service, was  
decorated with wreaths and flowers from the  
first step of the staircase to the roof. On front  
of the building was a piece of white cloth  
bearing the following characters in Chinese  
"In memory of the death of China's great  
Hero."Tsang Sui Hing, as chairman of the Chi-  
nese Chamber of Commerce, has been  
credited with having started the first so-  
ciety for the prohibition of opium smoking  
in Shanghai, with being the agitator of the  
American boycott, and an organizer of  
numerous colleges and being instrumental  
in furthering China's Commercial Interests.  
He died a fortnight ago.On the second floor of the hotel was  
placed, among hundreds of wreaths  
from various classes, the deceased's  
portrait and surrounding him, and on  
every floor, were hangings which bore  
poetry and verses and modern Chinese  
literature in commemoration of the de-  
ceased.The Chairman read a memorial which  
was worded in the most solemn manner,  
and those present were asked to approach  
the deceased's portrait to bow. This  
done, the Chairman, helped by several  
other gentlemen, gave a description of  
the career of the deceased. He told  
his congregation how Tsang sacrificed  
his life for the good and welfare of the  
country. Although he was now dead  
his name would be immortal. The speaker  
called the attention of his hearers to  
their duty towards the country. He  
laid stress on the imminent danger  
which China had to confront and the  
importance of developing China's  
resources. He concluded by asking  
the congregation to follow the footsteps  
of the deceased gentleman, whom they so  
much respected. In the matter of opium  
prohibition the Chairman intimated that  
very shortly the Chinese in the Colony  
would be sending a memorial through  
His Excellency Sir Frederick Lugard to  
the British Government requesting the  
prohibition of open dens in Hongkong to be  
carried into effect. He also told the public  
the immense good which is bound to result  
from the humane action of the British  
Government, and praised the latter for its  
humanity towards the millions of Chinese.Several gentlemen also spoke, amongst  
whom was a member of the Anti-Opium  
Society Mr. Australia who gave a description  
of how the Commonwealth Government  
had kindly consented and carried out the  
prohibition of Opium in Australia and he  
was sure the Hongkong Government would do  
likewise if approached on the subject.  
The speakers were applauded and tea  
and refreshments were served. The party  
dispersed at 4.30 p.m.

THE PHILIPPINES.

The "Hoch" remarks in an editorial that  
Japan has no reason to feel anxious over  
America's acquisition of the Philippines,  
but, on the contrary, should welcome her  
development in the Far East. There is no  
reason to leave America isolated from  
international ententes in the Far East.  
The "Hoch's" intention is to suggest an  
American Japanese entente, as a comple-  
ment to Japan's agreements with Great  
Britain, France and Russia. It would be  
beneficial to both countries and would do  
away with all misunderstandings.—"N.C.

ITALIAN AFFAIRS.

LONDON, June 5.

Signor Tittoni, Italian Minister for  
Foreign Affairs, speaking in the Cham-  
ber at Rome, said that a complete  
Anglo-Russian agreement regarding  
Macedonia would probably result from  
the meeting of King Edward and the  
Tsar at Royal. The capital for the  
construction of the Danube-Adriatic  
railway was already secured.In regard to Italy's naval demon-  
stration on the subject of the Post  
Offices in Turkey, it was, he declared,  
a fresh proof of the decisive influence of  
good naval and military organization  
upon foreign policy, and that its success  
was due to the policy of European  
solidarity now followed in the East.

THE KING'S VISIT TO RUSSIA.

LONDON, June 5.

His Majesty King Edward and party  
have left London, en route for Russia.A semi-official article published in the  
St. Petersburg Rosseta, regards the  
visit of King Edward to the Tsar as a  
new pledge of a solid universal peace,  
and deprecates emphatically that the  
idea implies any impairment of Russia's  
ancient friendly relations with Ger-  
many.THE UNITED STATES  
PRESIDENCY.

LONDON, June 5.

Washington announces that President  
Roosevelt will sail from New York for  
Cairo in April, accompanied by his son,  
to hunt big game in the wilds of Africa,  
and it is not intended that he will visit  
any other country. This action of the  
President is considered significant as  
meaning that he will really not accept  
re-nomination for the Presidency.

The Cunard liner Lusitania has arrived,  
again reducing the time of her last record  
trip, these latest figures being 4 days 20  
hours and 22 minutes.An explanation as to why sailors  
suffer from sea sickness is given in the  
Boston Herald. It is because, in the course of ordinary small  
boat duty a sailor generally goes barefoot,  
and in making a landing on a beach he  
grasps his trousers and pulls them up the  
thigh, thus landing through the suit with  
dry clothing. Trouses such as landmen  
wear would have to be rolled up, which  
would cause too much delay.THE INDUSTRIOUS MESSIAH'S SUNDAY

## THE TATSU MARU II CASE.

Indemnity Negotiations Opened.

(From Our Correspondent.)

CANTON, June 5.

Negotiations for the payment of an  
indemnity by China to Japan for the  
illegal capture of the Tatsu Maru II in  
February last and which was responsible  
for the boycott against Japanese goods now  
going on, were opened yesterday and will  
be continued to-day. The Japanese Consul-  
General sat in company with a repre-  
sentative of the Chinese Government to  
thrash out the amount of damage suffered  
by Japan at the hands of China. The  
opening of negotiations was prompted by  
the two Governments, who desire to close  
the incident as quickly as possible. Both  
the Viceroy and the Consul-General have  
received instructions to that effect.The Chinese here offer to pay any in-  
demnities which may be demanded by Japan  
on behalf of their Government out of the  
funds of the various societies. But the  
general opinion is that the offer will be  
declined.

Japan Demands \$280,000.

CANTON, June 6.

Yesterday's negotiations were kept strict-  
ly private. It is however said in well-  
informed circles that Japan demands  
\$280,000.THE PAN-ANGLO-AMERICAN  
CONGRESS.

(From Our Correspondent.)

LONDON, May 5.

The Pan-Anglo-American Congress next month  
in London is now in the final stage of  
arrangement. There will be a thousand  
delegates from two hundred dioceses over-  
seas, all the Colonies being represented as  
well as India and United States. The  
Bishop of Mid-China will be there

## THE PLAGUE WAR.

## Volunteers Called Out In Canton.

(From Our Correspondent.)

CANTON, June 5. Work has been begun and is being pushed forward rapidly for the erection of methods to accommodate plague patients coming up from Hongkong. A regiment of Volunteers to be recruited from firms represented by the Society of the Goodwill of Canton will come out to assist and to guard public safety. No heretofore has been used in the unwholesome hospitals for fear of accidents. The Provincial Treasury has been opened to allow of the money required for all necessary expense being drawn. There is, however, one drawback which hinders progress. The Viceroy has ordered the Imperial Customs to cause the immediate issue of a licence for a plague patient steamer to arrive at Canton on Sunday, which has been and is held holy by the Customs officers, who do not work on Sundays. The Customs Commissioner has refused to act on the instructions of the Viceroy on the ground that he has received no orders from the Inspector General in Peking. It has been pointed out that no goods of whatever nature will be shipped by plague-patient steamers and there should be no loss of time. It is, however, expected that this small matter will be settled satisfactorily. The steamer service for this purpose is for six months.

## THE PAN-ANGLO-CONGRESS.

## Delegates From All Parts Of The Empire.

The eyes, as it were, of all the Anglican Churches throughout the great empire on which the sun never sets, will be turned towards London, the metropolis of the world, next week, when the Pan-Anglo Congress is to be held. Active preparations have been made during the last twelve months, almost every church contributing its share to the funds, and it is expected that the gathering will be one of the largest of its kind ever held. Delegates from all parts of the Empire, to the number of about 1,000, representing some 500 dioceses, are to attend, all the Colonies being represented. The Bishop of Hongkong who has recently landed in England, we understand will be present.

The programme of the congress, according to recent files, embraces problems of an equally diverse character, and in order to get through the list of papers the work of the congress has been divided into six sections, which will sit simultaneously during the week, June 10-12. The various sections will consider and discuss the church and human society, Christian truth and other intellectual forces, the Church's ministry, missions in non-Christian lands, missions in Christendom, and the Anglican Communion.

To the general public perhaps the most interesting section is that which discusses the relations of the Church to human society, as all sorts of present day political and economic problems are touched on. Among these points are morality in commercial life, sweating, trade tricks, housing and family life, the drink traffic, gambling, capital and labour companies and dividends, the morality of control by legislative action, labour organisation, the unemployed, relief, religion and wages, monopolies and trusts, Christianity and Socialism, what is Christian in Socialism? and what is now practicable in Socialism?

In the second section papers will be read contrasting Christian philosophy with Pantheism, and Christian science and agnosticism. The relations of religion and science will be treated by Sir Dyer Dicks, worth. Mr. A. C. Benson will read a paper on Church and Literature, and Mr. St. Loe Strachey will discuss the ethics of journalism.

The internal affairs of the Church will be debated in section 3, and in the fourth section the foreign affairs of the Church will be reviewed.

The relations of missions to governments and national customs form the subject of interesting papers by Sir Charles Eliot, Lieut. Governor of Bengal, Colonel Montgomery, and the Bishop of Madagascar, while the efforts of Mahomedans to spread their faith, with special reference to Pan-Islamism, are reviewed by Professor Macgregor. The racial problems of South Africa, China, the United States, India, and the West Indies will be dealt with by experts.

Another interesting section is that which has to do with the Anglican Communion in itself, in relation to other Christian bodies and in relation to its parts.

## ANOTHER CONSERVATIVE SUCCESS.

## Heavy Vote For Tariff Reform.

A telegram via Rangoon announces the result of the by-election for the Newport division of Shropshire, rendered necessary by the death of the late Conservative member, Colonel Kenyon-Slaney. At the last general election the figures were 4,949 for the Conservative and 4,682 for the Liberal, Mr. F. Nelson. Colonel Kenyon-Slaney won therefore with a majority of 196. Mr. Nelson again stood on this occasion for the Liberals, Mr. Stanier being the Conservative candidate. On this occasion Mr. Stanier won by 7,328 votes to Mr. Nelson's 4,377, a Conservative majority of 991. This election tells the uniform tale of all the recent by-elections. The Unionist vote has improved by 480, and the Liberal vote has decreased by 300.

## JAPANESE TOURING PARTY.

## Seeing London Town.

(From Our Correspondent.)

LONDON, May 6. We have with us fifty-six Japanese merchants and journalists, touring the world in ninety days under the guidance of "Cook's" but headed by Mr. Sugimura, editor of the "Asahi." They have been through America and were charmed with the unexpected hospitality they received. They found our sudden change of weather from bitter cold to extreme summer very trying, and indeed the complaint is that England is "much, much too warm." The greenness of the British landscape, however, has charmed them and our ladies have been much complimented by the visitors, which shows they have caught the wisdom of the traveller, somewhere en route. To-day they are touring the sights of London, previous to going on to the Continent. Yesterday they went to St. Paul's among other places, and I hear that of all they have seen so far the tomb of Nelson has excited most homage and attention.

## SPORTING.

## Billiards.

The billiard tournament between the Y.M.C.A. and the Chinese Club concluded on Saturday evening, and the results are appended. Three series of matches have been played, of which the Y.M.C.A. have won two.

## Rifle Shooting.

At a smoking concert in connection with the Hongkong Volunteer Corps, which is to be held at their Headquarters on Saturday evening next, His Excellency, Sir Frederick Lugard, is to present the "Lugard Cup" and the other prizes for rifle shooting, which have been won by the members of the corps.

## Cricket at Canton.

SEAMEAN SPORTS CLUB VS. CUSTOMS CLUB. The first cricket game of the Canton season was played on June 3—Dragon Boat day—on the Customs ground at Piti. There is, annually, much rivalry between the two Clubs, and the games are fought with much keenness and interest. Yesterday's match was, in some respects, rather dull from the fact that the Seamenites put up a feeble show against the Customs, who won comfortably. Chapple, Beckett and Wallis all batted well, and Willis took 6 wickets for 22 runs, and Chapple 4 for 9. The scores were as follows:

## RAILWAY PROBLEM IN JAPAN.

## AN EXPERT'S OPINION.

## Qualified State Ownership Defended.

Sir Clifton Robinson, who recently visited Japan for the purpose of investigating the railway problem in Japan and who, it will be remembered, in the course of an interview with a representative of the *China Mail*, when passing through this Colony, gave some interesting information about matters generally in the Island Empire, has contributed a long article to the *Railway Problem in Japan*, to the *London Times*.

The first portion of the article is devoted to a historical review. After describing the processes which led up to the nationalization of the Japanese railways, Sir Clifton says: "The nationalization of the railways is a failure in no sense of the term. No other practicable method of linking together and co-ordinating an infinitely subdivided railway system could have been devised. From the point of view of facilitating traffic and trade the nationalization policy remains unassailable. The obstacles encountered have been twofold. The first is that no railway system can be worked with a closed capital account; the second is that a Government can maintain the necessary flow of capital without wearing out its welcome in the loan markets of the world. Whence the chief reception of the railways is a failure in no sense of the term. ## TO THE LADIES OF HONGKONG.

## DEAR MADAM,

I have pleasure in advising you that I am leaving for Paris by the French Mail of the 9th inst., for the purpose of buying the latest Novelties for my New Store which I shall open on my return in October.

It has occurred to me that perhaps I may be of service to you in selecting Gowns, Millinery, etc., which you may require for the Winter Season and I therefore beg to solicit your kind patronage and shall esteem it a favour if you will let me furnish your requirements. My address in Paris will be HOTEL MODERNE, Place de la Republique, until September 1, 1908.

I can assure you that your wishes will have every care and attention and full confidence that I shall be able to give you every satisfaction.
